

Major	Recommended Units (core)	Elective Units
	Field of Study	
	Agricultural, Environmental and Conservation Sciences	
Animal Health	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Animal Science	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Biomedical Science	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Conservation and Wildlife Biology	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Crop and Pasture Science	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Environmental Science and Management	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Food Science and Nutrition	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Forensic Science	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, Media Production, Physics
Laboratory Medicine	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Accounting, Management, Economics, Physics, Media Production, Mathematics for Science, Computer Science
Marine Biology	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Computer Science, Economics, Management, , Media Production, Physics
Arts and Humanities		
Asian Studies	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Community Development	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
English and Creative Writing	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science

History	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Indonesian	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
International Aid and Development	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Japanese	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Philosophy	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Politics and International Studies	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Sociology	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Sustainable Development	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Theatre and Creative Production	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Tourism and Events	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, Economics, Computer Science, Mathematics for Science
Business		
Accounting	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Accounting,	Introduction to Media, Management, Economics, Media production, Information Technology for Academic Studies, Computer Science, Biology, Chemistry, Mathematics for Science, Physics
Banking	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics,	Introduction to Media, Management, Accounting, Economics, Information Technology for Academic Studies, Computer Science, Biology, Physics, Mathematics for Science, Chemistry, Media Production

Business Law	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Management, Accounting, Economics, Computer Science, Biology, Physics, Media Production, Chemistry,
Entrepreneurship and Innovation	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Management, Accounting, Economics, Computer Science, Biology, Physics, Media Production, Chemistry,
Finance	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics,	Information Technology for Academic Studies, Introduction to Media, Management, Accounting, Economics, Computer Science, Biology, Chemistry, Mathematics for Science, Media Production, Physics
Hospitality and Tourism Management	Essential Australian Studies, Introduction to Academic Communication, Management,	Information Technology for Academic Studies, Introduction to Media, Accounting, Economics, Computer Science, Biology, Chemistry, Mathematics for Science, Media Production, Physics, Introductory Mathematics
Human Resources Management	Essential Australian Studies, Introduction to Academic Communication, Management,	Information Technology for Academic Studies, Introduction to Media, Accounting, Economics, Computer Science, Biology, Chemistry, Mathematics for Science, Media Production, Physics, Introductory Mathematics
International Business	Essential Australian Studies, Introduction to Academic Communication,	Information Technology for Academic Studies, Introduction to Media, Management, Accounting, Economics, Computer Science, Biology, Chemistry, Mathematics for Science, Media Production, Physics, Introductory Mathematics
Management	Essential Australian Studies, Introduction to Academic Communication, Management,	Information Technology for Academic Studies, Introduction to Media, Accounting, Economics, Computer Science, Biology, Chemistry, Mathematics for Science, Media Production, Physics, Introductory Mathematics
Marketing	Essential Australian Studies, Introduction to Academic Communication, Management,	Information Technology for Academic Studies, Introduction to Media, Accounting, Economics, Computer Science, Biology, Chemistry, Mathematics for Science, Media Production, Physics, Introductory Mathematics
Communication		
Global Media and Communication	Essential Australian Studies, Introduction to Academic Communication, Introduction to Media	Introductory Mathematics, Information Technology for Academic Studies, Media Production, Management, Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Journalism	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Strategic Communication	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Web Communication	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Creative Media		

Games Art and Design	Essential Australian Studies, Introduction to Academic Communication, Introduction to Media, Information Technology for Academic Studies, Introductory Mathematics	Media Production, Management, Accounting, Biology, Chemistry, Economics, Mathematics for Science, Physics, Computer Science
Graphic Design	Essential Australian Studies, Introduction to Academic Communication, Introduction to Media,	Introductory Mathematics, Information Technology for Academic Studies, Media Production, Management, Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Photography	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Screen Production	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Sound	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Criminology		
Crime Science	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Criminal Behaviour	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Cyberspace, Policy and Security	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Environment, Conflict and Security	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Legal Studies	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Security, Terrorism and Counterterrorism Studies	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Biology, Chemistry, Physics, Accounting, Media production, Management, , Economics, Computer Science, Mathematics for Science
Terrorism and Counterterrorism Studies	Essential Australian Studies, Introduction to Academic Communication,	Introductory Mathematics, Information Technology for Academic Studies, Introduction to Media, Media Production, Management, , Biology, Accounting, Chemistry, Computer Science, Economics, Mathematics for Science, Physics
Engineering		

Electrical and Renewable Energy Engineering	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Mathematics for Science, Physics,	Information Technology for Academic Studies, Introduction to Media, Accounting, Biology, Computer Science, Economics, Management, Media Production, Chemistry
Environmental Engineering	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Mathematics for Science, Physics,	Information Technology for Academic Studies, Introduction to Media, Accounting, Biology, Computer Science, Economics, Management, Media Production, Chemistry
Industrial Control and Automation Engineering	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Mathematics for Science, Physics,	Information Technology for Academic Studies, Introduction to Media, Accounting, Biology, Computer Science, Economics, Management, Media Production, Chemistry
Health		
Nursing	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Accounting, Management, Economics, Physics, Media Production, Mathematics for Science, Computer Science
Chiropractic Science	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Accounting, Management, Economics, Physics, Media Production, Mathematics for Science, Computer Science
Psychology	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Accounting, Management, Economics, Physics, Media Production, Mathematics for Science, Computer Science
Sport and Exercise Science	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry, Biology,	Information Technology for Academic Studies, Introduction to Media, Accounting, Management, Economics, Physics, Media Production, Mathematics for Science, Computer Science
Information Technology		
Artificial Intelligence and Autonomous Systems	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Information Technology for Academic Studies, Computer Science,	Introduction to Media, Mathematics for Science, Accounting, Biology, Chemistry, Economics, Introduction to Media, Management, Media Production, Physics
Business Information Systems	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Information Technology for Academic Studies, Computer Science,	Introduction to Media, Mathematics for Science, Accounting, Biology, Chemistry, Economics, Introduction to Media, Management, Media Production, Physics
Business Intelligence	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Information Technology for Academic Studies, Computer Science,	Introduction to Media, Mathematics for Science, Accounting, Biology, Chemistry, Economics, Introduction to Media, Management, , Media Production, Physics
Computer Science	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Information Technology for Academic Studies, Computer Science,	Introduction to Media, Mathematics for Science, Accounting, Biology, Chemistry, Economics, Introduction to Media, Management, Media Production, Physics
Cybersecurity and Forensics	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Information Technology for Academic Studies, Computer Science,	Introduction to Media, Mathematics for Science, Accounting, Biology, Chemistry, Economics, Introduction to Media, Management, Media Production, Physics
Games Technology	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Information Technology for Academic Studies, Computer Science,	Introduction to Media, Mathematics for Science, Accounting, Biology, Chemistry, Economics, Introduction to Media, Management, Media Production, Physics

Internetworking and Network Security	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Information Technology for Academic Studies, Computer Science,	Introduction to Media, Mathematics for Science, Accounting, Biology, Chemistry, Economics, Introduction to Media, Management, , Media Production, Physics
Laws		
Laws	Essential Australian Studies, Introduction to Academic Communication,	Accounting, Biology, Chemistry, Computer Science, Economics, Introduction to Media, Introductory Mathematics, Information Technology for Academic Studies, Management, , Mathematics for Science, Media Production Physics
Science		
Chemistry	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Chemistry,	Information Technology for Academic Studies, Introduction to Media, Accounting, Computer Science, Economics, Management, , Media Production, Physics, Biology, Mathematics for Science
Mathematics and Statistics	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics	Information Technology for Academic Studies, Introduction to Media, Mathematics for Science, Accounting, Economics, Biology Chemistry, Computer Science, Management, Media Production, Physics
Physics	Essential Australian Studies, Introduction to Academic Communication, Introductory Mathematics, Physics, Chemistry, Mathematics for Science	Biology, Information Technology for Academic Studies, Introduction to Media, Accounting, Computer Science, Economics, Management, , Media Production
